FYI:

I have advised this reporter that we are not subject to the Missouri Sunshine Law, and have directed her instead to the online portal for submission of a federal FOIA request.

Just a heads-up....

Subject: KSDK foia request re: contingency plans for Westlake and Bridgeton

Under the **Missouri Sunshine Law § 610.023 et seq.**, I am requesting an opportunity to inspect or obtain copies of public records that **relate to any plans the EPA has discussed or drafted or emailed as it relates to the Bridgton underground landfill fires reaching the rad waste at the Westlake landfill.**

These documents should include all plans for what happens should the interceptors fail and /or if the proposed containment wall is never built or fails.

Please forward the plans to me electronically.

Sincerely,

Leisa Zigman
